

IELTS Speaking

on the X floor of a Y storey block

Practice: Part 1 – 1.2

Paul Winterbottom

Part 1

(well) my flat is on the fifteenth (15th) floor of a 25-storey block

Part 1:

Tell me a bit about your hometown.

Well... to be honest, I don't think there's anything particularly exceptional about it....

Hmm... but one of the things I like best... is that it's very green... there are a lot of parks and countryside... quite near me... and actually my flat is on the top floor of a 25 storey block so from the window I can see lots of beautiful park area... countryside... so I think actually it's a pretty good place to grow up in.
